

LIVE WEBINAR

Wednesday, Sept. 27, 2017 • 12:00 PM ET/9:00 AM PT

## Modernizing the LDL-C Calculation to Improve Patient Care

Presented by: **Seth Martin, MD**

Assistant Professor, Division of Cardiology  
Department of Medicine  
Johns Hopkins University School of Medicine  
Baltimore, MD

To register for this live webinar, please visit:

Please note: Advance registration is required for participation.

### Program objectives

At the end of this webinar, participants will be able to:

- Explain the limitations of Friedewald-estimated LDL cholesterol and identify patients in whom it is less accurate
- Recognize a more accurate, validated approach to estimation of LDL cholesterol made possible through big data
- Apply LDL-C in daily clinical practice using evidence-based, guideline-recommended strategies for effective evaluation and management

Continuing Education  
InformationIntermediate Level  
1.0 Contact Hour

Quest Diagnostics is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.® program.

Dr Martin is a faculty member of Johns Hopkins cardiology and the Ciccarone Center for the Prevention of Heart Disease and co-directs the Advanced Lipid Disorders Center. He is also an associate faculty member in the Welch Center for Prevention, Epidemiology, and Clinical Research. Dr Martin cares for patients with both acute and chronic illnesses and serves on the Hopkins Bedside Medicine faculty. He is a faculty clinical coach and educator with the Janeway Firm of Osler Medical Residency.

Dr Martin has published more than 150 articles in prominent cardiology and medicine journals, as well as 12 book chapters. He contributed to an update on preventative cardiology published in Braunwald's *Heart Disease: A Textbook of Cardiovascular Medicine*. He serves as an associate editor for the American College of Cardiology's *CardioSource Dyslipidemia Clinical Community* and as an associate editor for the *Journal of Clinical Lipidology*.

Dr Martin obtained his bachelor's degree from Washington and Lee University and his medical degree from the University of Pennsylvania. His internal medicine training was at Duke University and he held a cardiology fellowship at Johns Hopkins University School of Medicine.
