Understanding Immune responses to SARS-CoV-2

Part of the Quest Advanced® COVID-19 Clinical Insights Series

Presented by:

Neelam Dhiman, PhD

Director of Science, Molecular Infectious Diseases,
Quest esoteric facility at Lewisville, TX
Clinical Associate Professor, Department of Pathology
and Laboratory Medicine, Texas A&M University

Dr Dhiman has 24 years of clinical research experience in the immunogenetics of vaccines, including a clinical microbiology fellowship at Mayo Clinic in Rochester, MN. She is a scientific expert in molecular infectious disease and women's health, and is actively engaged in multiple clinical trials with a special interest in rapid molecular diagnostics for sepsis. Dr Dhiman is widely published, serves as a scientific reviewer for multiple internal scientific journals, and has presented at a variety of national and international conferences.
